Stroke Support Services

Community Rehabilitation Service

The Stroke Support Service

If you have had a stroke our service can provide...

- Practical Assistance
- Support & Guidance
- Essential Information
- Emotional Support
- Work with you to achieve your goals

Who is it for?

- For people in their first year post-stroke living in Westminster or Kensington and Chelsea
- For family or carers of people who have had stroke

What does the service offer?

- Hospital & Home visits
- Meeting you to find out about your needs
- Referral to and working with the services that **support your needs**
- **Information and Advice**
- Help to access local social, activities and peer support groups
- **Stroke prevention** advice and support
- Provide **Aphasia** friendly information
- Helping you live **independently**
-

How to contact the Stroke Support Service?

You, your carer or any professional can make a referral to the service

What will happen next?

- We will arrange to visit you
- Offer on-going support

Advocate on your behalf with other services

Rehabilitation Service

The Rehabilitation Service provides therapy and rehabilitation for people returning to the community after stroke. The **Stroke Support** service is integrated into the Rehabilitation Service to help provide a well supported rehabilitation process.
