

Finding an NHS Dentist in Kensington and Chelsea

This leaflet explains how to find an NHS dentist, what treatment you can expect and how much it will cost

How do I get NHS Dental Treatment?

There are 21 NHS dental practices in Kensington and Chelsea. This booklet includes a list of contact details for these practices. You can also find the dentist nearest to you by using the NHS choices website: www.nhs.uk/dentists.

To sign up with a dentist, telephone them first and ask them if they are accepting new NHS patients. If the practice is taking on new NHS patients, they will invite you for an initial examination and agree a course of treatment with you.

What treatment should I expect to be provided under the NHS?

You will be able to have all treatments provided under the NHS that your dentist feels is clinically necessary in order to keep your mouth, teeth and gums healthy. If your dentist says that you need a particular type of treatment, you should not be asked to pay for it privately.

How much will it cost?

If you normally pay for NHS dental treatment, there will be three standard charges which may change in April of each year. The amount you pay will depend on the treatment you need to keep your teeth and gums healthy.

Dental Charges

Band 1	£20.60 (check-up and advice. If necessary, x-rays, scale & polish)
Band 2	£56.30 (any treatment covered within band 1 PLUS additional treatment, such as fillings, root canal treatment or extractions)
Band 3	£244.30 (any treatment covered within band 1 & 2 PLUS more complex procedures e.g. crowns, bridges and dentures)
Urgent treatment	£20.60

Eligibility for free and reduced cost dental care

You will receive free services from your NHS dentist if, when the treatment starts, you are:

- Aged under 18
- Aged under 19 and in full-time education
- Pregnant or have had a baby in the previous 12 months
- Staying in an NHS hospital and your treatment is carried out by the hospital dentist, or you are an NHS hospital dental service outpatient (however, you may have to pay for your dentures or bridges)
- Receiving Income Support, income-related Employment and Support Allowance, income-based Jobseeker's Allowance, Pension Credit guarantee credit
- Entitled to, or named on, a valid NHS tax credit exemption certificate
- Named on a valid HC2 certificate.

If you are named on a valid HC3 certificate you might get some help towards the cost of your NHS dental treatment.

You will not be exempt from paying because you receive Incapacity Benefit, contribution-based Employment and Support Allowance, contribution-based Jobseeker's Allowance, Disability Living Allowance, Council Tax Benefit, Housing Benefit or Pension Credit savings credit, when paid on their own. Medical conditions do not exempt patients from payment for dental treatment.

Your dentist will ask for evidence that you are entitled to free NHS dental treatment.

Use form HC1 to claim for full (HC2) or partial (HC3) help with NHS dental costs. HC1 forms are available from your local Jobcentre Plus office or by calling Help with Health Costs on **0845 850 1166**. For more information, download the HC1 leaflet from **www.nhsbsa.nhs.uk**.

Preventive care, advice and treatment is **FREE for children** up to 18 years old in NHS dental practices.

Try to take your child to the dentist at least once a year, or more frequently as recommended by your dentist.

For a list of NHS dentists in the area, please look at the next few pages.

If you would like help in finding an NHS dentist in Kensington and Chelsea (including in another language) please telephone the NHS 111 Service by **dialling 111**.

How do I get urgent dental treatment?

Urgent treatment during the day

For urgent dental treatment during normal surgery hours please:

- Contact your dentist
- If you do not have a dentist, contact the NHS 111 Service by **dialling 111**.

PLEASE NOTE emergency care slots are limited. Some travelling may be required in order to reach the on-call practice.

Urgent treatment out-of-hours

For dental care outside of normal surgery hours, please contact the NHS 111 service by **dialling 111**

How can I get an interpreter?

If English is not your first language and you have difficulty understanding your dentist, you can ask your dental practice for an **interpreter**. This service is free of charge.

Will a dentist visit me at home?

If you are unable to visit a dentist because, for example, you are housebound, it is possible to arrange for a dentist to visit you. Please speak to your dentist or GP for a referral to the:

Dental Referral
Management Centre,
Soho Centre for Health,
1 Frith Street,
Soho W1D 3HZ
Phone: 020 7534 6525

What if I have special needs?

Please contact the Community Dental Service on **020 7534 6525**.
